THE Tasty STORY

Tasty Burger is committed to serving the freshest, most wholesome, and best tasting beef possible. We have visited the pastures of the family ranches where our cattle graze to get a first hand understanding of where great beef comes from. Our all natural beef meets HFAC third party review standards at all stages and is NEVER given any growth hormones or antibiotics. The steers are grass fed and finished on a 100% vegetarian grass and grain diet, for a uniquely savory steak flavor. Our hot dogs are made locally from whole cuts of top grade beef, our buns are made just for us by a long standing local bakery; and our sauces are made fresh, using our own recipes. We care about giving our guests the best experience we can, so please let us know if there is anything you need. We love what we do and hope you will, too. Thank you for trying us.
